DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: As per claim 1, line 6, insert a comma after "video images".

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance for claims 1, 6 and 11: none of the prior art disclose the following features for displaying a series of video images, "...determining an offset into the video file, the offset corresponding to one of the series of video images, the offset determined based on a relation of a determined current virtual patient state to the range of said features...".

Therefore, the instant invention meets necessary conditions for allowance for claims 1, 6 and 11, including their dependent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
